FOUNDER FUNDAMENTALS

ARE YOUR FOUNDATIONS STRONG ENOUGH TO HOLD UP YOUR GROWING BUSINESS?

It's a genuine question.

Strong foundations comprise the fundamental documents, policies and processes which drive how you run and grow your business.

We call these **Founder Fundamentals**

If you are seeking investment, now or in the future, having strong foundations will make you an attractive prospect.

In our experience, many founders are so busy doing the business of being in business that these fundamentals get overlooked.

Get the fundamentals right, and you will find growing your business, securing investment or finance or even exiting faster, less stressful, and less costly. Farringford Legal's Founder Fundamentals will give you the peace of mind that your foundations are secure and ready to support your growing business

THREE EASY STEPS

We have created unique Gap Analysis questionnaires covering the fundamentals of corporate, commercial, data protection, IP and employment/HR areas of your business.

Our senior lawyers and business experts analyse the results of your questionnaire.

We will present an affordable action plan to ensure your Founder Fundamentals are in order, creating a solid foundation on which your company can grow.

You will have peace of mind that the process of securing investment or financing will be smoother, less stressful and less costly.

Start by downloading your Founder Fundamental questionnaires now.
